

Simple Cover Design

Price: \$399

A professionally designed cover lends credibility to your content. Our designers have the experience to know exactly what will make your book stand out in a clean, unique, and straightforward way.

Genre Focused

Get a cover concept that uses industry best practices to match genre, target demographics, and your style.

Work with Professionals

Our talented designers have been rigorously tested and trained.

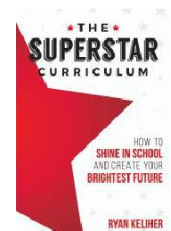

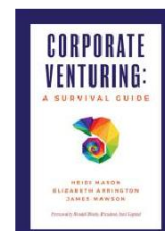

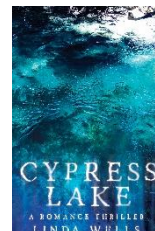

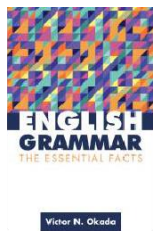

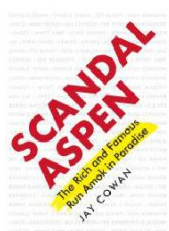

- You will work with an experienced designer knowledgeable in trends in your specific genre.
- A senior editor will check the design's quality and ensure it meets our rigorous internal standards before it is sent back to you.

The Full Package

Within ten business days of sending us your book's details, you will get all the images you need to market your book effectively:

- One full cover design, including the front, spine, and back
- One focal image
- Font styles based on your book's genre
- PDF of the full cover, and high-resolution JPGs of the full cover and the front cover for use with your eBook
- One round of level one changes included [these include minor text changes, e.g. corrections to the back]

What Will My Cover Look Like?

Add-On Options

Looking for more? We can further customize your services by including an additional cover concept, adding additional images, manipulating your photos, or upgrading to our custom cover design service. Speak with our publishing expert today for details.
